ATIXA Implementing Title IX in the Health Professions
Seminar Agenda

Description:
The ATIXA Title IX for the Health Professions Best Practices Seminar is designed for Title IX coordinators and administrators working in all types of health professions settings — such as in technical schools, colleges, universities, clinical programs, hospitals, and other healthcare settings.

ATIXA’s expert faculty members will address the distinct areas of complexity faced by practitioners in multi-jurisdictional healthcare settings and industry standards for Title IX compliance in healthcare education. The workshop will address determining jurisdiction, coverage for federally funded residency programs, providing supportive measures in a facility not owned or operated by the institution, and collaborating with a clinical site when the respondent is the site’s employee. Seminar faculty will incorporate realistic scenario examples and case studies to allow participants to practice applying their knowledge.

Participants should have either attended ATIXA’s Sex-Based Harassment Foundations course or have pre-existing knowledge of the concepts taught in that course prior to the start of this seminar.

Learning Outcomes:
After completing this seminar, participants will be able to…

- Manage overlapping policies and procedures between the recipient and a clinical placement site, especially when both may be subject to Title IX
- Provide appropriate Title IX education to clinical site liaisons
- Review a formal complaint and determine:
  - When do Title IX and/or other policies apply
  - Which entity(s) have jurisdiction
  - Appropriate application of supportive measures
  - Coordination of multiple entities’ responses
- Identify when the Title IX Coordinator should recommend terminating a clinical site relationship as the result of sex- or gender-based harassment or discrimination
Seminar Topics

Refresh on TIX
- Scope and Definitions
- Stop, Prevent, and Remedy
- Formal Grievance Process Overview
- Informal Resolution Overview

Title VII and VAWA
- Overlap with Title IX
- Coordinating Policies and Processes

Internships, Externships, Rotations, Residencies, and More
- Patients, Interns, Doctors – Who Is Protected?
- Multi-Jurisdictional Settings
- Jurisdictional Rubric
- When Jurisdiction is Not Present
- Providing Supportive Measures

Relationships, MOUs, and Collaborative Responses
- Clinical Site Education
- Identifying a Point of Contact
- Memoranda of Understanding (MOUs)
- Terminating a Clinical Site Relationship
- Recordkeeping Protocols

Note: Seminars do not include a standard break. Participants are welcome to eat and/or drink during the seminar and step away for other needs as necessary. Seminar start and end times for in-person events are determined by the host site. All virtual seminars take place from 12:00 – 2:00 PM ET unless otherwise specified.
