Persons who report sexual assault and relationship violence or who cooperate with investigations of such reports are protected from retaliation under the university’s Title IX policy.
**EMERGENCY/URGENT ASSISTANCE FOR MY SAFETY**
Call 911 or 9-911 from a campus phone.

**TO GET MEDICAL HELP**
The medical centers, on and off campus, provide treatment of injuries, STD screenings and pregnancy tests. If you wish to have an evidence collection kit ("rape kit"), you can do so at the Santa Clara Valley Medical Center. If possible, do not shower, brush your teeth, urinate, eat, drink or change clothes.

**TO TALK**
There are confidential resources who can provide you with support while allowing you the time and space you need to process what has happened and who can provide you with basic information about your options and available resources.

**TO REPORT A CONCERN AND GET SUPPORT**
Students who wish to report a concern may seek assistance from staff listed as "non-confidential." These staff will protect your privacy by limiting the people with whom they share what you tell them; however, they cannot guarantee you confidentiality, as they must notify the Title IX Coordinator. They also will explain your options and resources and attend to your immediate needs for safety and interim measures (e.g., no contact orders, housing and academic accommodations, counseling, escort). For additional support and information about options, resources, education and referrals, contact the Office of Sexual Assault and Relationship Abuse Education and Response (SARA).

**TO REPORT A CRIMINAL CONCERN**
Sexual assault and relationship violence also are crimes. The university encourages you to contact the Stanford University Department of Public Safety (SUPDS) at 650-723-9633 or the jurisdiction where an incident took place for more information about how to report a crime and the criminal process. A criminal investigation does not relieve the university of its obligation to respond under Title IX, and both a criminal and university investigation may proceed at the same time.

**WHAT IF I WANT TO BE LEFT ALONE?**
This may be a confusing and difficult time. Remember that these resources are always available to you, and you can seek support at any time. Friends and family can offer support as well.

"You are not alone. There are people who can help you. You have options."
