

Historic new Title IX Regulations have now been released – the first since 1975 – and ATIXA is here to help you address the extensive changes to policies, procedures, and practices that will soon be required.

ATIXA has created the [**2020 Regs Rapid Response \(R³\) Resource Center**](#) to provide the resources and tools you need to become compliant. The R³ Resource Center offers ATIXA's expert analysis of the Regulations, a suite of educational webinars, thought leadership, handy guides and checklists, and the professional development and consulting programs to help you understand and implement the complex new rules.

Public K-12 schools and districts and private and public colleges and universities must be compliant with the Final Rule as students return in the Fall. The August 14, 2020 compliance deadline is just around the corner, and extensions are not likely. You are going to face governance challenges, the need to reconcile inconsistent policies, political obstacles, the obligation to train or hire employees for new roles, and a lack of consensus over how best to balance compliance objectives with varying views of best practices from a myriad of stakeholder groups. More than anything, ATIXA can help you to frame and avoid the significant litigation risks that OCR has baked into the regulations.

For almost a decade, [**ATIXA**](#) has been the industry-leading professional association for 3,500 Title IX coordinators, investigators, and administrators who are striving to serve their schools, districts, and campuses more effectively while maintaining effective risk management programs. ATIXA brings campus and district administrators into professional collaboration to explore best practices, establish industry standards, share resources, empower the profession, and advance the worthy goal of gender equity in education.

ATIXA is pleased to offer a free webinar with our Partners on Monday, May 11, 2020 from Noon-1:00 p.m. ET, providing an initial overview of and response to the new Regulations. ATIXA members will be invited to a follow-up Q&A webinar, immediately following from 1:15-2:15 p.m. ET. Free registration is available [**here**](#). Members will receive Q&A registration separately.

Please visit our [**2020 R³ Resource Center**](#) to learn about how ATIXA can help. ATIXA is your first step toward accessing all the critical information you need to develop a compliant Title IX program.

Wishing you well,

Brett A. Sokolow, Esq

President, ATIXA
