

WHAT IS ATIXA?

ATIXA provides a professional association for school and college Title IX Coordinators and administrators who are interested in serving their districts and campuses more effectively. Since 1972, Title IX has proved to be an increasingly powerful leveling tool, helping to advance gender equity in schools and colleges. ATIXA brings campus and district Title IX coordinators and administrators into professional collaboration to explore best practices, share resources, and advance the worthy goal of gender equity in education.

WHY JOIN ATIXA?

Gender equity is an inherent good, providing equal access to educational benefits and opportunities. Title IX is a critical tool for advancing the goal of equity, and meaningful compliance furthers that goal. By joining and participating in ATIXA, you will become a better Title IX Coordinator, administrator and/or ally. You'll acquire tools that help to advance your institution, motivate change and implement best practices. Compliance is a best practice, but it's also an essential practice. Joining ATIXA will put you in the best possible position to meet, and even exceed, the compliance mandates of the courts and OCR.
